HOCUSPOCUS.

Success! We got your attention. Because when it comes to skincare, hocus pocus makes people buy—which is why everything seems to be called "magic", "miracle", "perfect" or "wonder" something. Our super-scientific serum sounds really boring in comparison—it combines a first-ever stable copper peptide lysinate/prolinate, a better-than-retinol nonapeptide-3 retino-complex, a next generation of the Matrixyl palmitoyl tripeptide-38, 5 forms of hyaluronic compounds to reach multiple skin depths, a skin-identical barrier carbohydrate and clinical forms of Antarctic and Hawaiian algae in a base of a skin-binding glycoprotein-based delivery system. Our SubQ serum targets all signs of aging. It's full of boring-sounding science that is proven to work in 5 days. But we needed to say hocus pocus to sell it.

ONE LESS
LONELY GIRL!

Bieber's BIG MOMENT!

THE SINGER RAISED EYEBROWS (AND PULSE RATES) WHEN HE WAS CAUGHT COMPLETELY NAKED ON VACATION.

**PROUD
POP STAR**
“Justin was relieved when the naked photos came out so he could quiet the non-Beliebers,” says an insider.

No padding needed! Justin's latest X-rated images put the rumors to rest.

JUSTIN BIEBER is back — and bigger than ever. The 21-year-old pop star captured worldwide attention when full-frontal nude photos of him were leaked on Oct. 8 — but sources claim he's not terribly miffed. However, Justin's legal team doesn't find the situation nearly as flattering. Shortly after the naked snapshots — taken while the star was on vacation in Bora-Bora with British model **Jayde Pierce** — began popping up online, his lawyers sent cease-and-desist notices to numerous websites demanding their immediate removal, claiming breach of

privacy and trademark infringement. But the insider says Justin (not so) secretly loves the exposure. “He is proud of his body and everything that comes with it,” a pal tells *Star*. “He's been showered with attention his whole life and considers himself extremely sexy.” In fact, this isn't the first time the “What Do You Mean?” musician has bared all for his fans. In July, Justin proudly shared a butt selfie alongside the caption “Look” with his 40-million-plus followers on Instagram. “Justin loves to take his clothes off,” reveals the source. “He's pretty open.”

released images have finally given the singer the opportunity to dispel the Photoshopping rumors that surfaced in January after he starred in an underwear campaign for Calvin Klein. “It really bothered him when he was accused of exaggerating his package,” explains the source. “There was no way he was going to actually release a naked photo of himself to prove everyone wrong, but he's glad these came out so everyone could discover the truth.” ★

But at this point, there's not much more for Justin to be open about — and for that, he's surprisingly thankful. The newly

CAMERON'S BOOZE BINGE OVER BABIES!

THE STRUGGLE FOR A CHILD
TOOK ITS TOLL ON THE ACTRESS
DURING A BENDER IN L.A.

HER IVF
NIGHTMARE

Falling-Down
Drunk

Cam took a spill
coming out of an L.A.
nightclub — that,
or she fainted after
seeing her husband's
new head tattoo.

LOOKS like the honeymoon's over. After tying the knot with rocker **Benji Madden** less than 10 months ago, **Cameron Diaz** should still be in the throes of newlywed bliss. But instead, sources say that Cam has been cracking under the pressure to conceive a child and turning to alcohol to calm her nerves.

Star caught the 42-year-old actress quite literally stumbling out of L.A. hotspot *The Nice Guy* on Oct. 3, falling over and flashing her underwear as Benji, 36, tried to help her into a car. "The in vitro has really done a number on Cam — she's miserable," reveals a friend. "It's made her bloated and heavy, and she hates feeling so unlike herself."

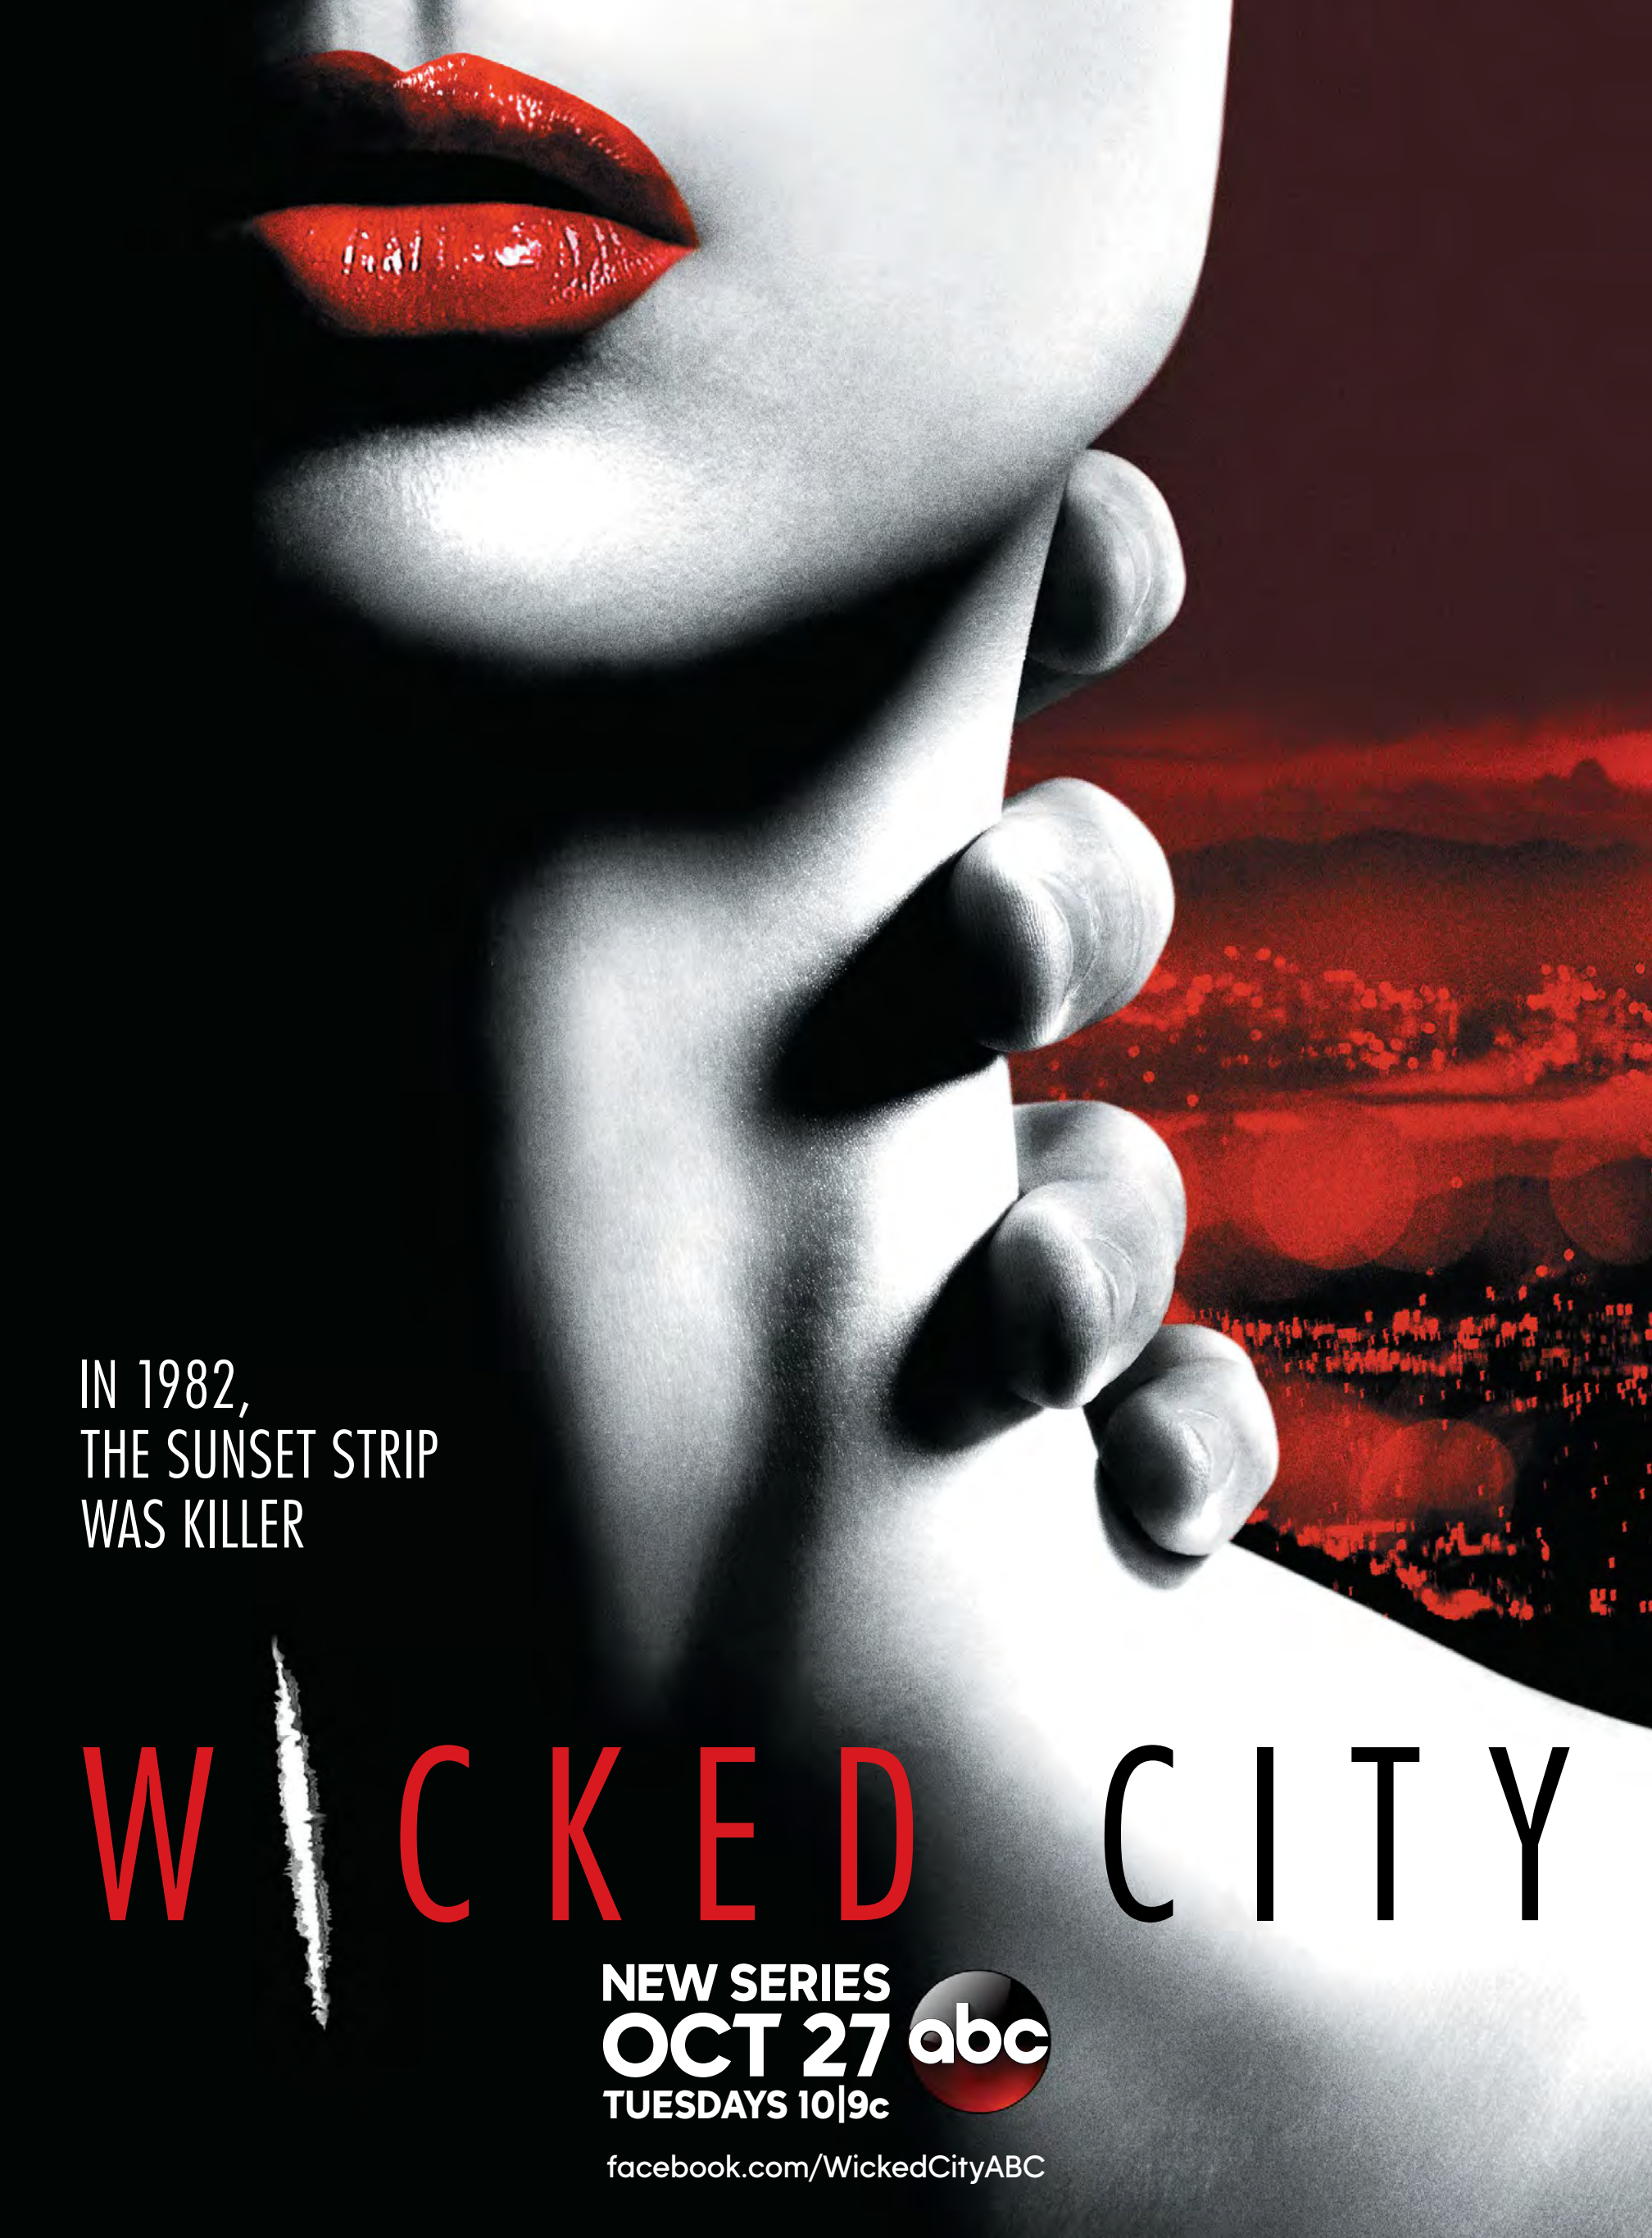

But Cameron, who espoused the benefits of nutrition and exercise in her tome *The Body Book*, isn't taking her own advice. "She's saying it's too hard right now to be healthy," adds the pal. "Instead, she drinks to cope with the stress."

Adding to Cameron's ire is her husband's massive and bizarre new head tattoo. "Cam isn't a fan of it, to put it mildly," the source divulged. "She's very emotional right now, and she flipped out, saying it's tacky and embarrassing."

While Benji does his best to cheer up his wife and deal with her mood swings, the only comfort she finds is at the bottom of a bottle. "It wasn't

just that she got wasted on a night out, she's also been drinking a lot at home," admits the insider. "She had no clue that she'd have such a difficult time getting pregnant."

Unfortunately, Cam's coping mechanism may only be making her fertility struggles worse. A recent study by Harvard Medical School found that for a woman undergoing IVF, just six drinks a week would reduce her chances of having a baby by 18 percent. But neither Cam — nor her husband — has gotten the memo, says *Star's* insider. "Benji is at a loss for how to help her, so he's just standing on the sidelines, watching." ★

JOHN STAMOS

HITS THE ROOFIES

INSIDE
HIS DUI
ARREST!

When **John Stamos** was arrested for drunk driving on June 12, he was so intoxicated, police took him straight to the hospital. But it turns out the actor was on much more than the sauce the night he was spotted swerving erratically in Santa Monica. Toxicology reports released on Oct. 8 show the 52-year-old was in fact under the influence of the “date-rape” drug GHB! Pals of the *Grandfathered* actor tell *Star* he was using GHB — which helps speed recovery time after workouts — to get in shape for his TV comeback. But neither that plan nor his flop of a show have proved to be good ideas. “John was obsessed with looking good onscreen, and his friends were getting really worried. He was barely eating and working out nonstop,” says an insider. “They’re not surprised he did something drastic, but they are concerned.” Ironically, the flawless image he was striving for is now in jeopardy. “No one knew he was taking GHB, and now criminal charges will be filed,” adds the source. “That’s not a good look for Uncle Jesse.” Have mercy! ★

KATE'S SHOCKING FAMILY SECRET

We all have that embarrassing relative who pours a few too many festive cocktails, and for **Duchess Kate**, that person is her mother! On Oct. 3, during the Rugby World Cup in London, **Carole Middleton** looked sauced as she glugged from a bottle of wine hidden in her purse — a worrisome behavior that’s become common. “It seems to be happening a lot lately,” discloses an insider, adding that the 60-year-old’s drinking has escalated, along with the rough patches in her marriage to her husband of 35 years, **Michael**. Now **Prince William**’s perfectly put-together wife is dreading the holidays around her royal in-laws. “It’s a huge concern for Kate. She’ll hide the booze at her house, but her mom just brings her own!” explains the insider. “Last Christmas, Carole had had too much to drink and started telling totally inappropriate jokes. Kate was so humiliated that she finally had to drag her away. She told her mom if she doesn’t straighten up, she’ll be banned from all royal events.” ★

ELLEN & PORTIA NOT ADOPTING

After **Ellen DeGeneres** spent most of **Kim Kardashian's** appearance swooning over her daughter **North**, many fans wondered if the talk show host and wife **Portia de Rossi** may finally add to their family, but *Star* can confirm that the married stars have chosen not to adopt. "It's been a difficult year for them behind closed doors," explains the insider, citing Portia's rehab stint and rumors of constant fighting. "As any parent will tell you, a baby only adds *more* stress to a marriage, not less, and they need to work on their issues. They've made the final decision that kids aren't going to happen." Sorry, **North** — so much for that high-powered playdate! ★

GWEN GREEN OVER GAVIN'S GIRLFRIEND

That was fast! Just three months after **Gavin Rossdale** and **Gwen Stefani** ended their 13-year marriage, the Bush rocker is already introducing their kids to his new galpal! *Star* caught Gavin taking their three children to Shu Sushi in Beverly Hills on Oct. 1 to meet the lucky new mystery brunette.

But while Gwen has moved on from their broken romance, she isn't over the fact that her sons — **Kingston**, 9, **Zuma**, 7, and **Apollo**, 20 months — are already meeting her replacement.

"She's upset that Gavin would throw their kids in the middle of his dating shenanigans," says a friend. "Seeing their dad with a new woman is like rubbing salt in an open wound. Their sons are still trying to adjust to the breakup." ★

KRIS TO KYLIE: KONTROL YOUR KASH!

Kris Jenner is warning her youngest daughter, **Kylie**, to put her \$5 million fortune on lockdown — and out of reach of the 18-year-old's bad-news boyfriend, **Tyga**, who is in financial free-fall thanks to \$19,000 in back taxes, \$70,000 in back rent and a flop album. "Kris was horrified when Tyga not only leased Kylie's birthday Ferrari but borrowed the deposit cash from Kylie!" reveals a source, adding that Kylie also lent her beau an additional \$800,000. "Kris hit the roof. Kylie said she trusts Tyga to pay it back, but Kris knows Kylie will never see that money again." And after finding large withdrawals that her daughter can't — or won't — account for, Kris is derailing the gravy train. "Tyga is a shady dude," adds the spy. "She's telling Kylie to set up boundaries or she'll regret it soon enough!" ★

THE RINGS COME OFF

Behind the scenes, the director and his leading lady are flipping the script on their happy ending.

Len and the mystery midriff-baring brunette made a quick exit from Bar 1200 after they realized photographers were on the scene.

CELEB sightings are a thrill for fans and photogs alike. But on Oct. 2, when **Len Wiseman** was seen leaving Sunset Marquis' 1200 Bar, onlookers did a double take. Not only was the director without his wedding ring, but Len was also caught sneaking off from the West Hollywood hotspot with a much younger woman who looked just like his wife, **Kate Beckinsale**!

After more than a decade of seemingly wedded bliss, sources tell *Star* that Kate and her husband, both 42, have hit a major bump in their marriage. While Len has

gone without his gold band in the past, Kate's noticeably missing hardware on a Sept. 24 stop at London's Heathrow Airport was particularly worrisome. "It's true. Kate and Len have been leading separate lives for some time now," reveals an insider. "They don't even attend family functions together anymore."

As for the first sign of strife, Len has been vocal about struggling to direct his leading lady's love scene with costar **Scott Speedman** "It's amazing how much your blood boils if you call 'Cut!' and [they] don't stop right away," he said. "You've got to stop when I call 'Cut!'" Len's ire may stem from the fact

that Kate has a history of falling for her coworkers. The actress swore it was "love at first sight" when she met her *Seagull* costar **Michael Sheen** in 1995. They had a daughter in 1999; then she left him in 2003 for Len, after falling for the *Underworld* director.

That said, the timing of the couple's turmoil couldn't be worse. Just last year, Len announced he would be producing the fifth installment of the vampire franchise with Kate set to reprise her role as Selene. "The cracks are starting to show," says the source. "They're having serious problems, and we're all hoping they can fix this before it's too late." Or perhaps it's time to recast! ★

Justin & Jessica TRYING FOR BABY NO. 2

ONE down, two more to go! It's only been six months since they welcomed son Silas, but **Justin Timberlake** and **Jessica Biel** have more babies on the brain. "They want to have two more children," a source tells *Star*. "And they want their kids to be close in age, so they're working on it." While Jessica, 33, has always dreamed of having a big family, pals say she wasn't sure how Justin would adjust to putting his career and social life on hold after Silas was born. However, the "SexyBack" singer, 34, calls fatherhood "the most insanely wonderful, unbelievable thing" to happen to him. "It's really proved to Jessica that they can do this," says the pal. The couple are already planning a big move to their Yellowstone Club estate in Big Sky, Mont., in order to prepare for a house full of kids. "They think it's the perfect place to raise their family," says the source. "Justin likes to joke that he's going to grow a beard and become a mountain daddy." ★

Patrick & Renée SPARKS ON SET

Good-bye, Mr. Darcy — hello, McDreamy! Sources on the set of *Bridget Jones's Baby* tell *Star* that **Renée Zellweger** has developed a schoolgirl crush on **Patrick Dempsey**. "They've only just begun filming, but it's pretty obvious she's sweet on him," says an insider. "And it's not entirely one-sided, either. Patrick and Renée already have all sorts of inside jokes, and they constantly go out of their way to arrange private meetings to review the script and get to know each other better." Of course, the actress' on- and off-screen chemistry with her costar doesn't sit well with boyfriend **Doyle Bramhall II**. (And it doesn't help that Renée, 46, handpicked the *Grey's Anatomy* hunk, 49, for the role after it became apparent that **Hugh Grant** would be too expensive to hire.) "Renée's very much in love with Doyle," the source insists, "but when she's around Patrick, she acts like a teenager." ★

Johnny's Cover Band DRIVING AMBER CRAZY!

Actor by day, guitar-slinging rock star by night! Over the summer, **Johnny Depp**, **Alice Cooper** and Aerosmith's **Joe Perry** not only revived the legendary Hollywood Vampires supergroup, they announced the cover band would be going on a limited live-show run in Los Angeles in September. While rock fans and female fanatics of the *Pirates of the Caribbean* star, 52, might be clamoring for a cross-country tour, sources tell *Star* that **Amber Heard** was more than relieved to learn there would be only three concerts on the calendar. "She finds these guys really boring, and she doesn't even like the music," says a source close to the 29-year-old actress. "This was supposed to be one of Johnny's pet projects, but it's starting to take over both of their lives. He constantly invites the band and the crew over after shows for jam sessions, and Amber ends up just sitting there, watching until she can't take it anymore." ★

Amanda & Justin WHAT WENT WRONG

JUST last year, **Justin Long** declared that he and girlfriend **Amanda Seyfried** were “in it for the long haul” — so what led the couple to split after dating for two years? According to sources, the actress, 29, called time on their relationship once she realized Justin was just stringing her along. “When they first met, Amanda made it clear that she was looking to settle down, and Justin assured her he was too,” says an insider. “But the longer they were together, the more evasive he became about an engagement.” As *Star* previously reported, Justin, 37,

was under a lot of pressure to propose after Amanda gave an interview revealing how “badly” she wanted to have a baby. With her biological clock ticking, insiders say the *Les Misérables* star grew to resent her back-and-forth beau for holding up her dream of becoming a mother. “Justin wasn’t ready to commit, despite what he was telling people, so Amanda finally called his bluff,” says the pal. “The conversation was far from friendly. Honestly, Justin never thought Amanda would actually walk out on him. He’s been a bit of a mess since the split.” ★

Adam Tells Jackie MOM’S MOVING IN

When **Adam Sandler** suggested to his wife, **Jackie**, that his mother, **Judy**, move into their \$13 million Pacific Palisades, Calif., mansion, sources tell *Star*, the 49-year-old father of two was taken aback by her reaction. “Adam’s mom has been having some health issue as of late, and Jackie argued they search for an assisted-living facility instead,” an insider reveals. “Adam was appalled. He made it very clear that wasn’t an option.” His reps deny it happened, but according to insiders, Jackie, 41, was coming from a good place. “She’s always had a great relationship with Judy. It’s the round-the-clock care Adam’s proposing they take on that concerns her,” says the source. “It would present a whole new set of stressful challenges for any marriage! And Jackie isn’t sure they’re prepared for that.” ★

THE MORE
THE MERRIER?

Liam DUMPED

That’s a wrap! According to sources, *Independence Day: Resurgence*’s **Maika Monroe** left her costar **Liam Hemsworth** high and dry shortly after they finished filming the blockbuster sequel. “Maika completely cut him off,” reveals an insider. “She never seemed to have time for Liam anymore and eventually stopped returning his phone calls altogether. He feels like such a fool.” (As *Star* previously reported, the Aussie actor, 25 — eager to settle down like his brothers — recently told friends he could see a real future with Maika, 22.) To make matters worse, sources say the actress has already moved on with her *Hot Summer Nights* costar **Alex Roe**! “Liam will put on a brave face when it comes time to promote *Independence Day*, but right now, he’s crushed,” says the insider. Who knew Hollywood hunks had it this hard? ★

Low-Molecular HA BOOSTER

Hello! I am 5 types of really good Hyaluronic Acid and I am severely underpriced to make a point.

We love it when uneducated marketers follow market trends like sheep because it gives us a chance to get it all out. Hyaluronic Acid (HA) has found its way into skincare everywhere (as the "latest" thing while it has been used in skincare for decades). HA is referred to as a hydrator because it can attract 1,000x its weight in water. But the HA molecule is far too large to penetrate the skin and instead sits on the surface and is actually able to attract water out of the skin which means your surface feels very hydrated but you have done no good for your skin itself. And since the skin actually becomes less hydrated beneath, you develop an indirect addiction to HA thinking it must be so hydrating since without its use your skin feels so dry after a while.

Hylamide Low-Molecular HA Booster contains 5 modern forms of HA compounds that offer multiple low-molecular sizes of HA, as well as an HA precursor, for comfortable hydration at every skin depth and a visibly plump skin. It contains up to 10x the amount of HA compounds than most overpriced HA products (some sold at US\$100+!) and yet it costs only \$20. And it goes without saying that none of the HA is derived from animal sources.

WILLS & KATE!**

When she and Kanye wed in 2014, Kim wore a modest, lace-sleeve gown — similar to Kate's. "She's trying to class up her image," a source says. "But she still does nude photo shoots!"

Different Worlds

Insiders say Kim is obsessed with becoming friends with Kate. "She clearly thinks they're on the same level," says a source. "But the palace finds that both offensive and ridiculous."

Kim's ROYAL BLUND

AFTER YEARS OF TRYING TO GET CLOSE TO HER IDOL, KATE, DUCHESS OF CAMBRIDGE, ONLY TO BE SHOT DOWN AGAIN AND AGAIN, KIM KARDASHIAN STEPS UP HER GAME — AND FAILS MISERABLY.

ER!

SETTING THE WEDDING STANDARD

William and Kate's 2011 nuptials were watched across the world. The lavish event inspired Kim to broadcast her own over-the-top wedding to Kris Humphries a few months later.

SINCE stepping into the public consciousness, first as **Paris Hilton**'s sidekick and then as a sex-tape star, **Kim Kardashian** has steadily been climbing the social ladder, hobnobbing with American superstars like **Jay Z** and **Beyoncé** and even, eventually, with heads of state including President **Barack Obama** and Armenian Prime Minister **Hovik Abrahamyan**. But there's one international icon whom Kim hasn't been able to meet: **Duchess Kate**. "Kim is obsessed with Kate — she keeps up with her every move," reveals a source close to the reality star. "She wants nothing more than to be a part of Kate's circle." There's only one problem: Kate, 33, has shown no interest in Kim, 34, whatsoever.

Still, that hasn't stopped Kim from pursuing her idol relentlessly over the past few years, and she's even roped her daughter, North West, into her quest to rub elbows with the royals. "Ever since Kate's son, Prince George, was born, Kim has been badgering the duchess' people about setting up a public playdate between him and North, but Kensington Palace keeps telling her in no uncertain terms that it won't be happening," the insider reveals. "Kim is annoyed that she hasn't been able to contact Kate directly and is frustrated with getting the cold shoulder. Kim thinks she's the most famous person in the world and simply cannot fathom why anyone would not want to be her friend."

HOT PURSUIT

Kim's first attempt at infiltrating the duchess' camp came in 2011, when she tried to wrangle an invitation to Kate's wedding to **Prince William**. "When that didn't work, she stayed up all night and watched the live feed of the ceremony," the pal says.

Then, in 2012, Kim attempted another tactic: While in London promoting her **Kardashian Kollection** clothing line, she sent Kate some of her designs — which were promptly returned. As royal watchers point out that Kate typically wears demure fashions by British designers; she would *never* step out in the Kardashians' revealing, curve-hugging looks.

Kim was distraught over Kate's

rejection, but when she got pregnant with rap superstar **Kanye West**'s baby in late 2012 — the same time Kate announced she and William were expecting — she saw an opportunity. Insiders say she's contacted Kensington Palace with her playdate requests at least three times since the summer of 2013, when their babies were born, but her efforts have always fallen short. "When she was in Paris earlier this year, Kim stayed by the hotel phone for six hours, waiting to get confirmation that Kate would meet with her," the source reports. "But she didn't even get a response! Kim was furious. She threw a huge tantrum and burst out, 'North is cuter than George, anyway!' Kanye had to calm her down."

In her desperation, the reality star has taken to plotting ways to "accidentally" bump into the royal — on one occasion, they even showed up for a royal event at Kensington Palace, only to be turned away. "Kim and Kanye have been trying to finagle invitations to events where Kate and William are supposed to be," the source says. "They've actually become pretty aggressive about it." But even that strategy backfired last April, when Kate canceled an official appearance in London after hearing rumors that Kim and Kanye would be there.

COULD THEY EVER BE FRIENDS?

Kate, of course, is put off by Kim's relentless pursuit of her friendship. "She finds the whole thing really trashy and

distasteful," reveals a source close to the duchess. "Kate would never socialize with someone she and William consider to be a glorified porn star. There is nothing about Kim that Kate finds appealing."

But Kim believes she is worthy of the duchess' friendship. After marrying Kanye last year and appearing on the cover of *Vogue*, she sees herself as Kate's American counterpart. Kanye even confirmed the family's regal delusions in 2013 when he said: "My daughter is in a position of a level of royalty like the prince and princess in London."

William and Kate do rub elbows with American celebrities on occasion. **Jennifer Lopez, Tom Hanks, Taylor Swift, Barbra Streisand** and **Reese Witherspoon** are just a few of the entertainers the duke and duchess have met at events. "Kim cannot understand why she and Kanye have been rejected when all those other stars have been allowed through. She and Kanye consider themselves *more* famous than those people," the Kardashian insider

says. "They even petitioned **Michelle Obama** to put in a good word for them with Kate, but the First Lady flat-out refused to get involved."

mission — and Kanye is stepping up his efforts on his wife’s behalf. He recently sent William and Kate a custom baby gift from his fashion label for their new daughter, Charlotte. But this time, the palace not only sent it back, they included a note politely asking that he and Kim stop contacting the royals. “A line is

being drawn. I wouldn’t be surprised if palace officials even asked the FBI to do a background check on Kim, due to her repeated communication attempts,” the royal source says. “William and Kate usually enjoy meeting different types of people, but Kim Kardashian will never capture Kate’s attention. The sooner Kim

and Kanye accept that, the better.”

Kim, of course, was devastated by the royal rebuke. “After years of trying to worm her way into Kate’s life, it was one rejection too many,” the Kardashian insider says. “She and Kanye can’t believe anyone would treat them like this. They are completely humiliated.” ★

Words That Hurt
Rosie's rep says that her daughter's tell-all interview is “heartbreaking on every level” for the celebrity.

THE STAR'S ESTRANGED DAUGHTER GOES PUBLIC ABOUT WHY SHE “RAN AWAY,” HER MOTHER'S LACK OF HONESTY AND THE DISTURBING TRUTH ABOUT HER ADOPTION.

BACK in August, when **Rosie O'Donnell's** then 17-year-old daughter **Chelsea** disappeared, questions arose as to why the comedienne took a week to report her missing. Now the world may have an answer. According to Chelsea herself, she never ran away in the first place — Rosie kicked her out.

“She told me to leave and take my dog,” Chelsea revealed to the *Daily Mail*. Chelsea said she was planning to move out when she turned 18 on Aug. 24, and that Rosie gave her the boot when she declined to discuss it. “She asked for my phone and my computer. I gave them to her. A few hours later, she told me to leave.”

So Chelsea may have been surprised when her mom finally beseeched the public for help in finding her “mentally ill”

daughter. Or maybe not — since in Chelsea's view, Rosie routinely twists the truth and may have even lied to her about the conditions of her adoption.

ALL AN ACT?

“I find her not genuine a lot of the time,” Chelsea said of her mom. “When we'd go out, she was a completely different person than at home.” Rosie, 53, would “put this big smile on” in front of fans, but behind closed doors, “Rosie's fuse was really short,” Chelsea said.

Perhaps most painful was learning that Rosie misled her about the circumstances of her own birth. “She said when she got me, I was in withdrawal from heroin because my birth mom had been using when she was pregnant,” Chelsea said. “But I recently went to the hospital in

Wisconsin where I was born and got my birth records. There was nothing in my system.”

While Chelsea admits to dealing with depression and anxiety, she doesn't agree with Rosie's description of her as mentally ill. She also takes umbrage with Rosie's remarks about her boyfriend, Steven Sheerer, with whom she now lives. “Rosie texted me the other day and called me a ‘cash cow.’ She said Steve's family are talking about me for money,” she said. “It's not nice. He's not into anything bad now; he works hard. I love him.”

While sources close to Rosie say she's furious with her daughter for speaking to the media, Chelsea is glad she opened up. “I'm pretty normal,” she said. “Now I can just prove to Rosie that I am.” ★

It looks like **Taylor Swift** and **Calvin Harris** aren't going to get their happy ending after all. Well, at least Taylor won't. *Star* can report that the chart-topping duo have officially called it quits — after Calvin, 31, was caught visiting a seedy massage parlor on Sept. 6 while the pop princess was out of town.

“When Taylor saw the pictures of Calvin leaving the parlor, she immediately called to confront him,” says a source close to the 25-year-old singer. “He gave her some lame excuse about needing a massage right away, but he has a massage therapist on call. There’s no reason for him to go to a place like that for two hours!”

Following a tense phone conversation in which Calvin defended his actions as “no big deal,” the pair agreed to meet at Taylor’s Los Angeles residence on Sept. 14 to try and talk things out. By the end of the conversation, Taylor had all but made up her mind. “She would have been more understanding about everything if he’d been more up-front about the trip instead of leaving her with questions,” continues the pal. “Trust is everything to Taylor.”

BAD BLOOD

The Scottish DJ isn't the only one who has exhibited questionable behavior in recent months. As *Star* previously reported, Taylor has become increasingly cozy with one of her backup dancers from her 1989 World Tour, igniting rumors of a possible romance. “Calvin threw the backup dancer in Taylor’s face during their fight, but she told him to stop changing the subject,” dishes the source. “Taylor wasn’t consumed by her relationship with Calvin, but she was obviously crazy about him.”

In fact, pals say the pair — who began dating in February after locking eyes during an after party following the 2015 Brit Awards — had even been discussing moving in together. “Both of them have to travel all over for gigs, but they hated being apart,” an insider previously revealed. “They practically

Taylor couldn't hide her devastation when she posted a sad-looking picture of her cat to Instagram alongside a very telling caption.

lived at each other's places whenever they had some downtime."

But now the two couldn't be further apart. On Sept. 25, Taylor banned Calvin from attending her sold-out show in Nashville and has refused to answer any of his texts or calls. "He was desperately trying to get in touch with her, but she shut him down," says the source. "She cut off all communication."

Although both stars have remained quiet about their split on social media, the singer posted a cryptic photo of her cat Meredith looking upset and angry inside her carrier alongside the caption "Same." on Sept. 13 (the day before her heated in-person meeting with Calvin).

"She doesn't plan on publicly addressing the breakup," explains the insider. "She typically doesn't respond to negativity and tries her best not to drag anyone through the mud." Well, except in her songs. ★

Dangerous Path

"She's clearly depressed and self-medicating at a scary level," cautions a pal. "She needs to go to rehab — or hire a sober companion."

MILEY CYRUS has never been shy about her penchant for drugs or partying, but insiders fear the 22-year-old pop star has become so out of control that she's headed for dangerous territory. "She needs to scale it back, because her health is going to suffer," a source reveals to *Star*, noting that the singer was so stoned while hosting *Saturday Night Live* on Oct. 3 that she could barely keep her eyes open. "She chain-smoked weed all throughout rehearsals, readings... everything!"

No surprise to those who tuned in for the 41st season premiere — the singer kicked off her opening monologue by joking about her over-the-top drug use. "Tonight I am on a seven-second delay — not a television delay — it's just that when you smoke as much as I do, you're always on a seven-second delay," she told the live audience.

But it seems not everyone was laughing. Sources claim the show's creator, **Lorne Michaels**, was so taken aback by the star's outlandish behavior throughout the week of preparation that he sat down with Miley's mother, **Tish Cyrus**, to encourage her to stage an intervention. "He's worried Miley is going to be dead in the next couple years if she doesn't change her wild

ways,” says the source. “He feels a huge sense of guilt for not ‘saving’ **Lindsay Lohan** when he saw her going off the rails. He doesn’t want to see it happen again with Miley.”

TRUTH OR SCARE

As the day of the episode approached, cast members wondered whether the hard-partying starlet would even be able to fulfill her *SNL* hosting duties. On top of her pot use, only a week before she was set to take the stage, Miley reportedly took a drug-fueled camping trip with a group of pals and engaged in a wacky game of truth or dare that gave her an allergic reaction. “One of her friends convinced her to lick a banana slug,” says the insider. “Her tongue swelled out of her mouth, and she contracted a full-body rash.”

Although Miley — known for being professional despite her heavy drug use — was able pull herself together and perform, experts say that doesn’t mean she’s not at risk. “This is how drug addiction works,” explains Richard Taite, CEO and founder of Cliffside Malibu, a rehab facility known for treating celebrities. “At first, it starts off all fun. Then you graduate to fun with problems. Then you graduate to all problems. That is the trajectory of putting something into your body that you rely on to change your mental state. Right now, it appears she has graduated from all fun into fun with problems.”

HOLDING OUT HOPE

The insider says that, hoping to avoid that final, all-problems stage, Miley’s parents indeed recently attempted a “small intervention” to get her to seek professional help and cut back on her drug use, which reportedly includes both cocaine and Ecstasy in addition to marijuana. But things didn’t go as planned.

“Miley walked into the family home, immediately knew what was going on and literally laughed in their faces when they told her how concerned they were for her,” says the friend. “She laughed and said, ‘I’m stoned right now, and I love it.’” The pal notes that

OUT OF CONTROL

All-Day Drug Daze

“It’s gotten to the point where Miley eats pot candy and brownies throughout the day so she can be stoned all the time and no one will know,” says an insider.

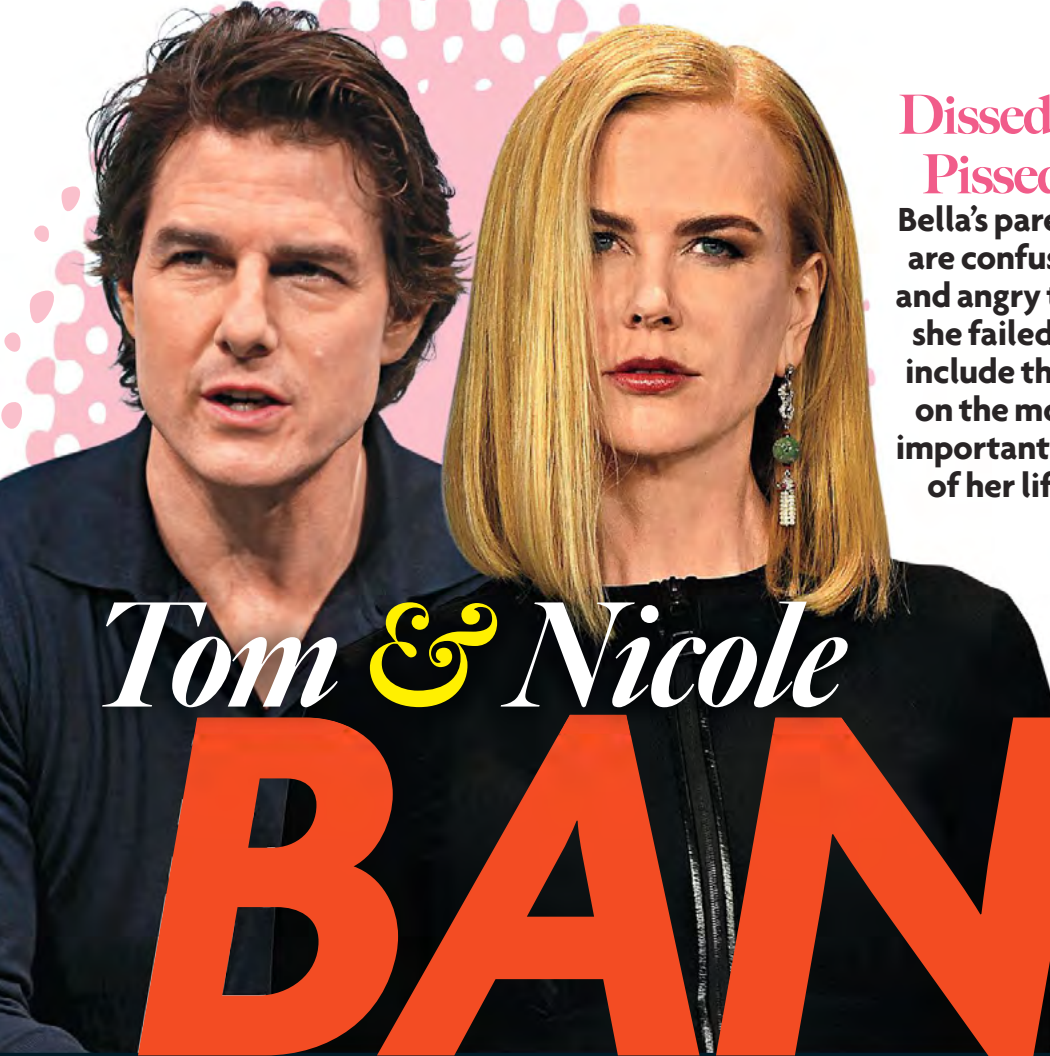

Miley recently Instagrammed a picture of herself hooked up to an IV—an expensive hangover helper that’s all the rage among the young, rich and famous.

Despite Miley’s resistance, some of her friends and family plan to keep on trying to get through to her. “Miley may not want anyone to intervene, but if she ends up dying of an overdose, her family will never forgive themselves for not stepping in,” adds the source. “They’re determined to do whatever it takes to get her the help she needs.” ★

Miley placed framed photographs of her departed pets on top of the piano during her recent *SNL* performance.

Dissed & Pissed!

Bella's parents are confused and angry that she failed to include them on the most important day of her life.

Tom & Nicole

BANNED FROM THEIR DAUGHTER

TOM CRUISE PAID FOR ISABELLA'S BIG DAY, BUT HE WASN'T INVITED — AND NICOLE KIDMAN DIDN'T EVEN KNOW ABOUT IT!

IT'S every dad's dearest dream, the moment he walks his daughter down the aisle. But for all his fame and wealth, **Tom Cruise** couldn't make that dream come true. **Bella Cruise** — whom the superstar adopted as an infant in 1992 and raised solo after his divorce from **Nicole Kidman** — neglected to invite her own father when she married **Max Parker** in London on Sept. 18. Even more awkward, Nicole, who has insisted that she keeps in touch with her children amid long-standing rumors that they're estranged, was in London at the time but wasn't even aware Bella, 22, was altar-bound. Her brother, **Connor**, 20, was also persona non grata.

Bella's reason for keeping her movie-star parents away was reportedly in order to avoid a "media circus." Tom, 53, was quick to say he was "totally cool" with Bella's decision — he even paid the expenses — and sources close to Nicole said she was "very happy" for Bella, but other insiders from both camps say the parents are quietly hurt.

"Of course Tom's upset," a Cruise insider tells *Star*. "What kind of father wouldn't be bothered?" A friend of

Nicole's, meanwhile, says the actress was initially driven to tears by the snub but then collected herself. "She's been dealing with being alienated from Bella and Connor for years," says the source. "On one level, this is nothing new for her."

To be excluded from a child's joyous celebration would alarm any parent, but Tom's involvement with Scientology adds a bizarre twist to the drama and points to the chilling effects the church has had on his fractured family — problems that began prior to his split from Nicole and that persist to this day.

"There can be odd dynamics in Scientology families," Scientology expert Tony Ortega tells *Star*. "But so many things are unusual about Cruise's family — the parents are huge stars, the kids grew up in Scientology — I'd be more shocked if they were a normal, happy family."

DEMONIZING NICOLE

Scientology may have been at odds with Nicole, 48, from the very start: Her father was a psychologist, and the church considers the practice destructive. Yet while the actress has never spoken out against the religion, others who were prominent in the church but subsequently left have maintained that Scientology drove a wedge between her and Tom, exacerbating any marital problems.

And once they went bust in 2001 after 11 years of marriage, the church is said to have actively worked to turn Bella and Connor against her, deeming her a "suppressive person," someone who is spiritually toxic, to be avoided at all costs. One investigation into the church revealed the children saying

they “hated going to see” her. And Nicole even stated how it pained her that her kids called her by her first name, not Mom.

TURNING AGAINST TOM

What’s more mysterious is Bella’s apparent rejection of Tom. While he seems to have a close relationship with Connor, he and Bella are rarely seen together. There’s been speculation that the strain between them has to do with her marrying outside the faith. Although it’s assumed that the couple exchanged vows with a Scientol-

ogy minister presiding, Bella’s husband, a British IT consultant, is not believed to be a member of the church (unlike her ex, musician **Eddie Frencher**).

No details about the ceremony have surfaced. Photos *Star* obtained of the reception (above), originally posted to a guest’s Facebook page, were quickly taken down without explanation. “Bella said she wanted to keep it small and low-key,” says the source. Yet the man adept at channeling *Mission: Impossible* character Ethan Hunt surely could have made it to

the wedding with minimal hoopla. “For Isabella to publicly snub him like that was hurtful and humiliating,” says the source. “No matter what he says publicly, Tom will never be OK with being banned from his own daughter’s wedding.”

What might smooth things over? If Bella got her husband into the fold. “She’s always been surrounded by Scientologists, and a very prominent Scientologist was among the groomsmen,” says Ortega. “Within a year we may well hear of Max Parker taking Scientology courses.” ★

Miranda's Getting Close To ANOTHER MARRIED MAN!

THEIR COZY BEHAVIOR AT A NASHVILLE EVENT HAS FANS WONDERING:
IS DIERKS BENTLEY MIRANDA LAMBERT'S LATEST CONQUEST?

JAWS dropped when fans spotted **Miranda Lambert** and **Dierks Bentley** riding together to the Music City Walk of Fame ceremony in Nashville on Oct. 6. But it wasn't the country stars' fame that had the crowds whispering; it was their touchy-feely behavior! Holding hands and cuddling close in their golf cart, the pair looked more like a romantic couple than old pals — and married Dierks wasn't wearing his wedding ring!

Now — with rumored cheater Miranda single, after husband **Blake Shelton** filed for divorce in July — there are rumblings that Dierks' marriage to **Cassidy Black** is on the rocks too. Could the "Smokin' and Drinkin'" singer be to blame?

MORE THAN FRIENDS?

Frequent duet partners Dierks, 39, and Miranda, 31, have been sharing boozy adventures together for years. The "Riser" singer even admitted to taking the blonde songstress to a bar on the way to her 2011 wedding. But their bond seems to have

intensified since she and Blake split. "They talk nonstop these days. Since Miranda doesn't have Blake anymore, she's relying on Dierks for emotional support," says a source close to the pair. "She forgets he's a married man and thinks it's perfectly OK to call or text anytime she wants."

Complicating the duo's boundary issues is their shared penchant for drinking. At the Stagecoach music festival in April, Dierks appeared so intoxicated during his performance, Blake later joked, "I don't know if I have enough alcohol to get where he was." Miranda headlined that same show, and sources say she and Dierks appeared to be flirting backstage — in front of Blake. "She and Dierks are both party animals; that's why they work together," the insider says. "And now that Miranda doesn't have to answer to anyone anymore, she's completely letting loose."

TROUBLE AT HOME

Cassidy, Dierks' wife of nearly a decade, has remained remarkably patient through her husband's wild displays, but a friend

says she's nearing the end of her rope. "This buzz that Dierks and Miranda are hooking up is very upsetting for his wife," says a family source. "Cassidy has been with him long enough to know what he's like, but watching his behavior with Miranda lately has really caused tension in their relationship."

And while Dierks' reps have denied that he and Miranda are romantically involved, the "I Hold On" singer invited speculation about the state of his marriage when he and Cassidy — who have three children — put their beloved Nashville house on the market around the same time Miranda and Blake announced their divorce.

"Now that Miranda is single, she's really causing havoc in Dierks' home life," the source says. "Cassidy trusts her husband, but she questions Miranda's intentions. To say Miranda is a man-eater would be an understatement," the friend adds. "Cassidy would be well advised to keep Dierks far away from her." ★

GIRL, YOU'RE GONNA HURT SOMEBODY!

Miranda seems to have a thing for married men. During her relationship with Blake, she allegedly cheated with at least five guys — including former Major League Baseball star **Josh Beckett** and country singer **Jerrod Niemann**, both of whom have wives. Then there's married country star **Eric Church**, whom she reportedly tried to seduce in 2010, though he rejected her advances. And sources claim that shortly before she split from Blake, Miranda fell for a married man who worked for her.

"Blake has heard the whispers about Miranda and Dierks," says a source. "He's really upset about it."

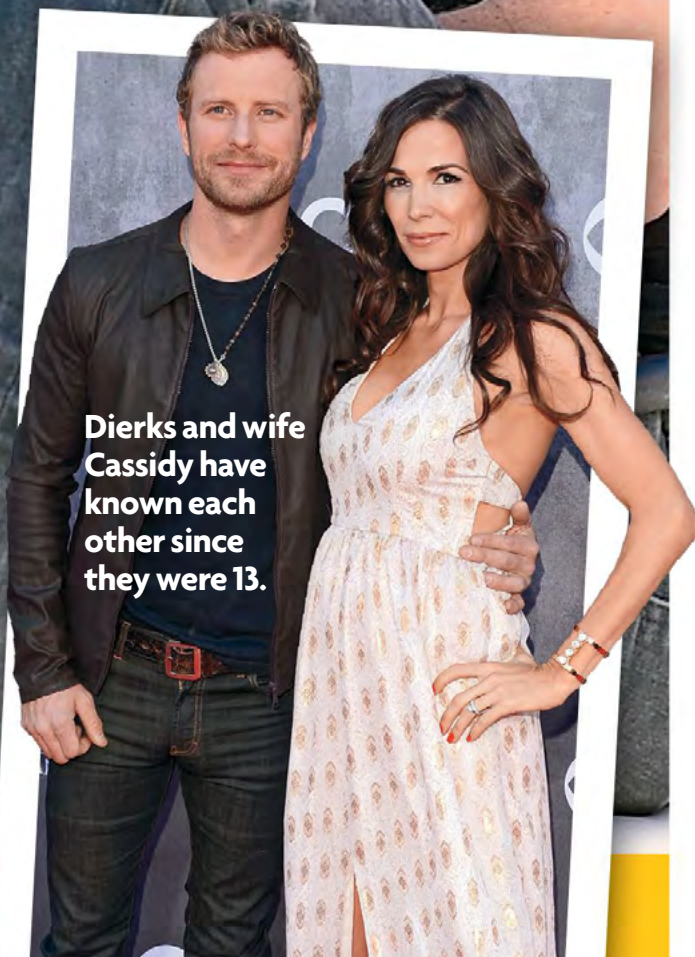

Fastest Girl In Town

Former tourmates Miranda and Dierks held hands and leaned into one another on their way to Nashville's Music City Walk of Fame ceremony on Oct. 6. "They've been inseparable lately," a source says.

for 2016...

1

Growth Hormone: The Long-Awaited “Fountain of Youth”?

Everybody's talking about human growth hormone (hGH). It's been featured on *The Doctors*, *The Today Show*, *Good Morning America*, *Fox News*, and *CNN*. *Allure* magazine, in its “Anti-aging Special” issue, highlighted growth hormone as its year-end callout. *Shape* magazine began a recent growth hormone article with the provocative lead in: “When you see a 50-year-old actress who can pass for 35, you can bet that good genes aren't the only things responsible for her youthful glow.” But when the internationally famous medical TV host himself told his audience about an oral compound that's been proven to increase mean, serum (blood) growth hormone levels by 682% and said, “I have been searching for this from the day we started the show. I've been looking for ways of increasing hGH naturally because I don't like getting the injections...” OMG! Almost immediately, this underground “miracle pill” became a full-blown “anti-aging” phenomenon.

The compound is being sold under the trade name SeroVital®-hgh, and it's quickly gaining an almost “cult-like” following because, let's face it... something that may have the power to reduce wrinkles, tighten saggy skin, decrease body fat, increase lean muscle mass, boost energy, rev up sex drive, and make you look and feel decades — not years, but DECADES — younger is, at the very least, irresistible... especially when it's protected by not one but **ten** U.S. Patents.[†] But is there a catch? Find out all the details at SeroVital.com. Can't wait to try it yourself? It's currently available at all Ulta stores, Kohl's, select GNC locations and direct from the manufacturer at **1-800-506-3927** or SeroVital.com. Use promo code **HGH345** and get free shipping.[‡]

Reshape your entire body in 30 days?

If you haven't heard about Vysera®-CLS yet... you definitely will... and very, very soon. Why? Because as incredible as it sounds, groundbreaking research has just identified a compound that can not only help you lose weight, but can actually reshape your entire body, reducing waist size, hip size, thigh and buttock circumference, belly bulge, and... last but not least... cause a significant loss of actual fat mass from all over your body. Has the "miracle pill" finally arrived? As one article said, taking Vysera is sort of like "eating a whole donut and only absorbing a fraction of the calories." How's that for amazing? (Of course, we don't advocate eating a donut as a meal, and this example is used for illustrative purposes only.) Vysera-CLS is available at all Ulta stores, Kohl's, GNC and at VyseraCLS.com or call 1-800-524-7322. Use promo code **VYSERA192** and shipping is free!†

The Anti-Wrinkle Pill

Have you ever noticed how topical cosmetic skin creams always talk about improving the "appearance" of the skin or "visibly" reducing wrinkles? They all contain wussy "appearance" qualifiers, because none of them can claim they change the skin's structure (not even Estee Lauder or La Mer with its \$300 wrinkle cream, just to mention two). That's why a revolutionary new "anti-wrinkle" compound is causing such a stir. This oral

compound has the power to make your skin younger. Not younger looking... actually younger. We're talking about rebuilding your skin, making it thicker and more dense (think less likely to wrinkle and sag), even decreasing wrinkles... not merely the "look" of wrinkles, but literally decreasing their depth, thereby actually smoothing the skin as it improves the underlying cellular matrix. There's not a single cosmetic moisturizer, serum, or cream out there that can make those kinds of claims. And because it works systemically (throughout the entire body), it's able to improve the skin everywhere, from the face, neck and décolleté to crepey arms, loose abdominal skin... even buttock sag and elbow wrinkles. It's sort of like a facelift for your whole body: it works from the end of your nose to the tips of your toes. This unique, total body anti-wrinkle complex is called UniLastin™, and it's available exclusively at UniLastin.com or by calling 1-800-827-4458 (promo code **AGEPILL11** gives you free shipping†). About \$79.

The Ultimate Super Fat Burning Belly Bulge Kit™

This next product is on 2016's "hot" list because it answers the age-old question: "Why did your last diet fail?" For many of us, it's because of two issues: stress and belly fat. After all, dieting is stressful. You worry about what to eat... when to eat... how much to eat. And research has shown there's a definite link between stress, tension, and excess belly fat. But now there's Relacore® Extra's Ultimate Super Fat Burning Belly Bulge Kit™. This specialized, two-pronged system was specifically designed to reduce overall body fat as it concentrates on the most frustrating problem of all... stubborn, stress-related belly fat retention. The

Ultimate Super Fat Burning Belly Bulge Kit is available at Walmart, Walgreens, RiteAid, CVS, GNC and smarter retailers nationwide, at Relacore.com or by calling 1-800-497-1626 (use promo code **BELLY38** and get free shipping†).

5

They're flying off the shelf... but it's not for everyone.

BiphedAdrene® is quickly making a name for itself in the "Super Pill" category because of its supercharged dual approach to weight loss: it's comprised of a unique Complex Phenylethylamine Provisional (for powerful appetite control, mood-elevation, and sustained energy) combined with an Aggressive Thermogenic Compound (for fat burning and stamina). This two-pronged attack on fat is apparently what makes the compound so effective... and so popular. And it doesn't just help provide very substantial weight loss... it also adds a mood and energy boost. BiphedAdrene is available at smarter retailers nationwide, direct from the manufacturer at Biphed.com or call 1-800-285-7481. Use promo code **BIPHED125** and get free shipping.† However, we emphasize that this high-energy product is not for everyone because it is extremely potent and contains powerful xanthine (stimulant) compounds. Nevertheless, if "ordinary" diet pills aren't doing the job, BiphedAdrene could most certainly be your best bet!

MOVIES

→ BRIDGE OF SPIES

This Cold War-era drama inspired by true events and directed by **Steven Spielberg** stars **Tom Hanks** as James Donovan, an insurance lawyer who in 1957 becomes the defense attorney for accused Russian spy Rudolf Abel (**Mark Rylance**). Donovan takes his duty — mounting a real defense — seriously, earning hatred from the public at the height of the Red Scare. But his courtroom work puts him in the perfect position years later, when the Soviet Union captures an American spy pilot and then offers to trade him for Abel. Donovan travels to East Berlin to negotiate the swap while World War III is on the verge of breaking out. Hanks plays Donovan as a straight shooter who has to count on the good sense of other people at a moment that's especially politically charged. There's not a lot of actual suspense in this film, but the storytelling is consistently excellent. Hanks has this character down pat: the intelligent guy who isn't looking to put one over on his opponent but just wants everyone to get a fair shot.

LONG STORY SHORT: It will hold you — but it may not grab you. ★★☆☆

→ ROOM

It takes almost an hour before you find out why the characters in this riveting drama are trapped a single room that is roughly 10 feet by 10 feet. **Brie Larson** plays Ma, a young mother, and **Jacob Tremblay** plays her 5-year-old son, Jack. They've been in this room for Jack's entire life; he divides the world between what's real — what's in the room — and what's not (what's on TV). This unique captivity eventually ends, but its ripple effects will continue long into the lives of Ma and Jack. It explores notions of freedom and lets the viewer get a hint of what it's like to be set loose after prolonged imprisonment. The film is as thoughtful in what it doesn't talk about as what it does, including a scene of incredible emotional power with **William H. Macy** as Ma's father. It's the kind of gripping small drama that captures Oscar voters' imaginations.

LONG STORY SHORT: Larson gets her breakout role. ★★☆☆

→ TRUTH

In 2004, near the end of a tight Presidential campaign, CBS' *60 Minutes* ran a story that then President **George W. Bush** used preferential treatment to avoid service in Vietnam. But the scoop was discredited when it was alleged that the report by producer **Mary Mapes** (**Cate Blanchett**) and anchor **Dan Rather** (**Robert Redford**) had relied on forged documents. This intriguing drama looks inside those events, exposing the political pressure exerted to keep this news from gaining traction. Blanchett has a laser intensity as a woman so caught up in the hunt that she loses sight of the big picture. Redford captures Rather's down-to-earth quality, as well as what may be his outdated sense of honor. Sure to be controversial since it never disputes the charges against Bush, it's an indictment of a media that focuses on details instead of the larger truth.

LONG STORY SHORT: A great American tragedy.

→ SUPERGIRL

Premieres Monday,
Oct. 26, at 8:30PM on CBS

In this new comic book TV series, Supergirl, a.k.a. Kara Zor-el (**Melissa Benoist**) is the cousin of Superman. She's kept her powers secret as a young woman working at a magazine for a snappish editor (**Calista Flockhart**). She reveals her superpowers to the world as she fights for justice, but it's not just fun action and decent effects that get their time on air. This show also focuses on what it means for her adoptive family, including a sibling who works as an agent for a secretive security organization. The good news is that the focus stays on a human level, making the drama about the strain between being a feeling human and a superpowered alien. Still, it's probably strictly for comic fans and kids. ★★★★★

week of Oct. 19–Oct. 25

By Jennifer Angel

SNOOP DOGG
Turns 44 on Oct. 20

LIBRA SEPT. 23–OCT. 22

Family may need help and advice this week, but don't expect everyone to follow your good wisdom. A relationship can suddenly change, opening up a new way of relating to one another.

SCORPIO OCT. 23–NOV. 21

A social event can be a lot of fun as well as introduce you to someone influential. If there are changes at work, go with the flow until everything settles down. What happens next may work in your favor.

SAGITTARIUS NOV. 22–DEC. 21

Lady luck is on your side right now. Just when you are wondering what comes next, something fabulous can take you by surprise. Remember, life is changeable.

CAPRICORN DEC. 22–JAN. 19

Home and work can intermingle; be open to what happens next. A chance to learn a new skill may open doors in more ways than one. Travel is in the cards!

AQUARIUS JAN. 20–FEB. 18

Thank your lucky stars that people step up and offer support. A coworker's complementary skills can make for a winning team. Love is set to get intense.

PISCES FEB. 19–MARCH 20

Love vibes radiate your way. An instant connection can seem destined and be impossible to ignore. Have fun on cloud nine, but keep your feet on the ground.

ARIES MARCH 21–APRIL 19

A discussion with a loved may be intense, but it needs to take place — don't avoid it. You could be in the right place at the right time to make a connection with someone who can help advance your career.

TAURUS APRIL 20–MAY 20

Love is on your radar! Just be your usual radiant and sensual self to manifest romance in your life. In a relationship? Focus on your honey. At work, speak up — but have all the facts in place first.

GEMINI MAY 21–JUNE 20

If you have a money matter that needs clearing up, approach what could be a sensitive situation diplomatically. What happens this week at home and with family can work out for the best. Look for a partner who can make a commitment.

CANCER JUNE 21–JULY 22

A heart-to-heart with someone fabulous can move a relationship to the next phase. If dating, be up-front and honest with a potential mate to set a solid foundation of trust and respect. A change at work can shake things up.

LEO JULY 23–AUG. 22

A lucky break is heading your way. If a financial opportunity comes along, get ready to drop everything and take advantage of it. Time management is the key to productivity. Clear your desk of the trivial to be ready for love.

VIRGO AUG. 23–SEPT. 22

Your chart is on fire with love, luck and opportunity, but it is up to you to recognize those who can help you get ahead and jump at the opportunity. The more knowledge you have, the more you will be able to boost your bank balance.

SCORING

MOSTLY As: Wow, you're a ball of energy! No worries for you. Your peppy and optimistic attitude makes the holiday season more fun each year. You know how to relax and keep your gobble-gobble and ho-ho-ho finely tuned. You glow like a colorful string of holiday lights and look as happy as a wreath.

MOSTLY Bs: You may have a slight case of the jitters, but you can feel less anxious during the holidays if you stop worrying and go with the flow. You try to accomplish too much, too soon. Sip a cup of hot chocolate, and let others entertain this year. Take things in stride, and you'll feel better in no time!

Jack White's Potluck Surprise!

Hard-rocking White Stripes frontman Jack White trotted down his suburban Nashville street to join his neighbors at their annual potluck dinner. Unbeknownst to them, the "Seven Nation Army" singer lives in an historic mansion at the end of the road. While the mostly elderly residents had no idea who he is, one Jedidiah Jenkins, whose mom throws the potlucks, was shocked and Instagrammed this image, writing, "He apologized for traveling so much and missing out over the years."

KANYE'S MATERNITY SHIRT

Kanye West may be putting on sympathy weight, since he's resorted to wearing his wife's maternity clothes. Last week he was spotted sporting the same Ramones "Mondo Bizarro" T-shirt that a pregnant Kim Kardashian wore last month. Perhaps it's a new fashion trend that the artistic genius is trying to start. ★
